- Net income (€ per capita)

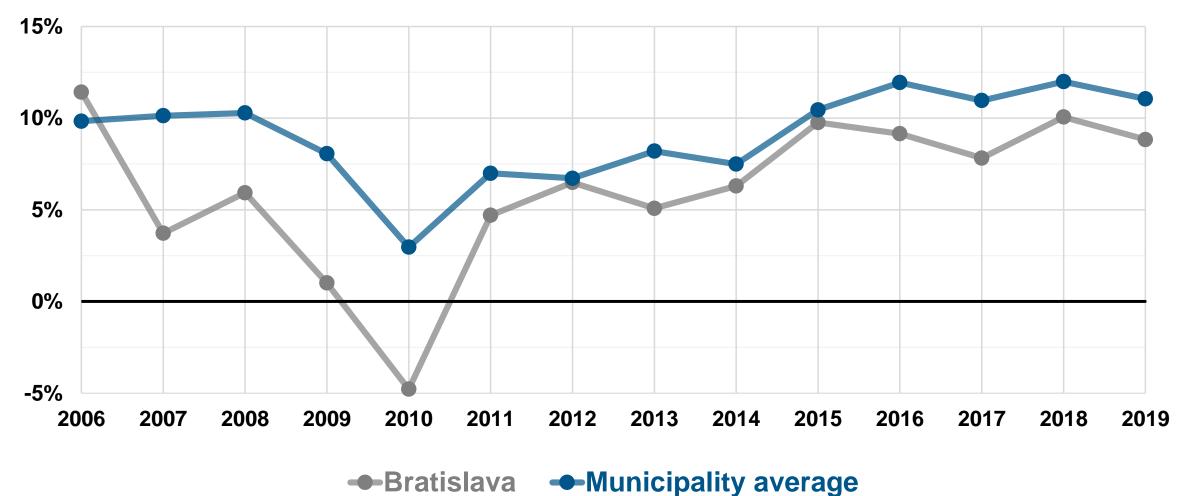

What to do with the results?

- Publish analyzes and blogs
- Evaluate compliance with legal rules:
 - Debt < 60 %
 - Debt service < 25 %
 - Overdue liabilities < 15 %
- Communicate with journalists, local government representatives and the public, correct wrong values
- Planned update of the portal in December 2020

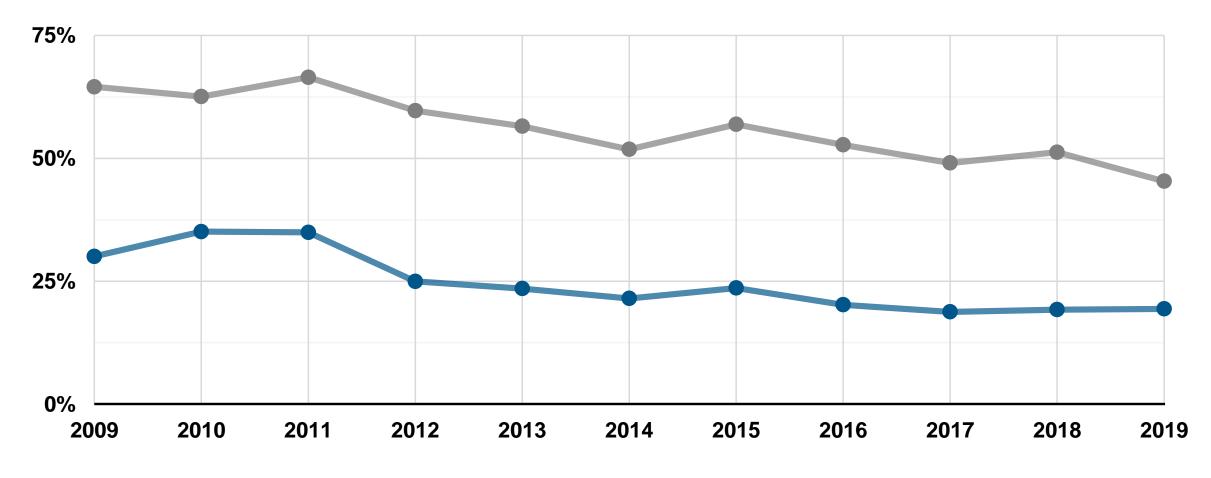

Current account balance

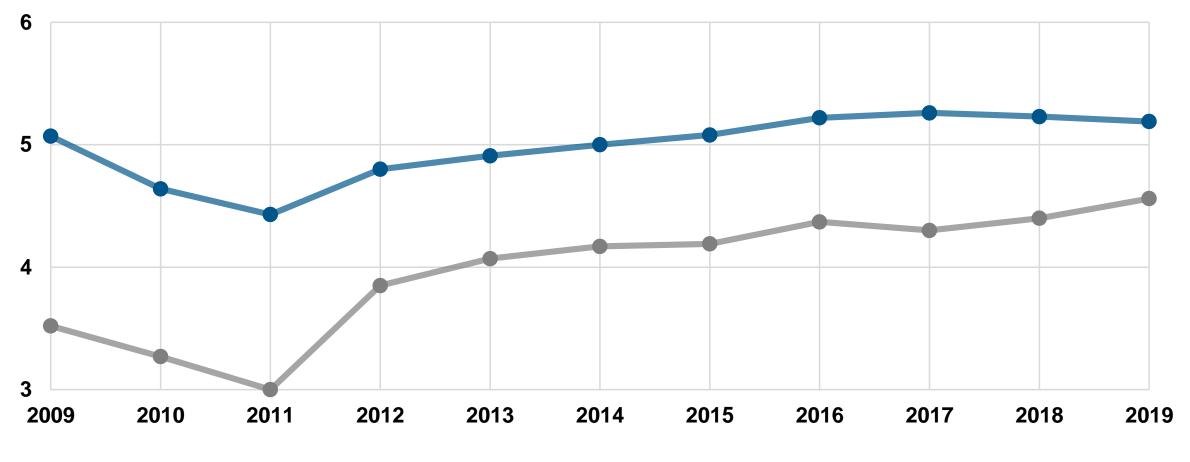

Total debt as a % of annual current account revenue

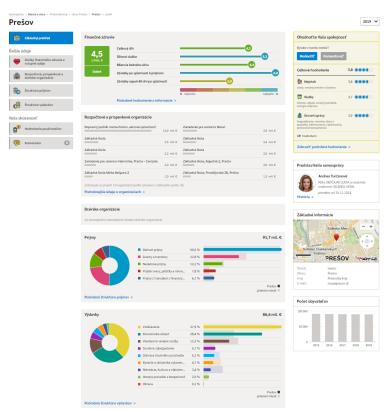

Overall financial health on the scale from 0 (worst) to 6 (best)

Beyond financial health – new portal

- We have added extensive datasets:
 - Detailed revenue structure
 - Detailed expenditure structure
 - Data on subordinated organizations
- More than 12 000 000 records
- All these data do not enter the evaluation of financial health

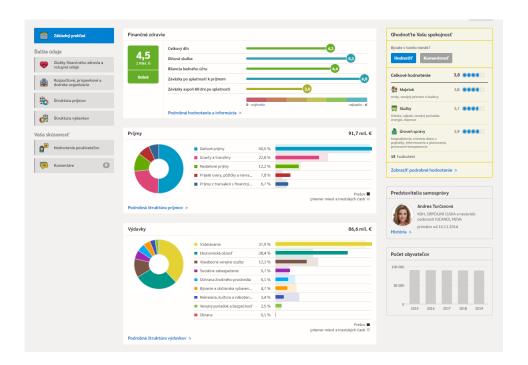

Landing page

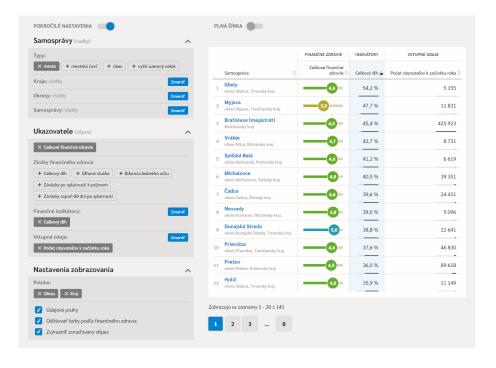

Profiles

One entity, many indicators

Rankings

Many entities, few indicators

Profile: 7 sections

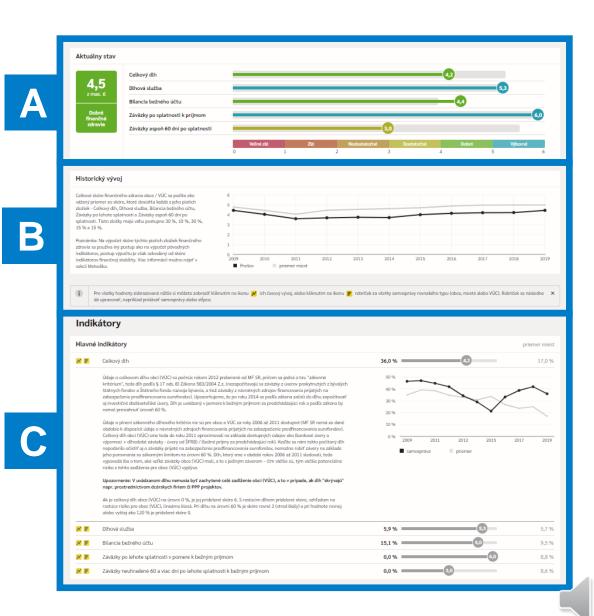

- 1. Overview of 2-6 below (default)
- 2. Financial health
- 3. Subordinate organizations
- 4. Structure of revenues
- 5. Structure of expenditures
- 6. Users' ratings
- 7. Users' comments

Part 2 | Portal: **Profile part 2/5**

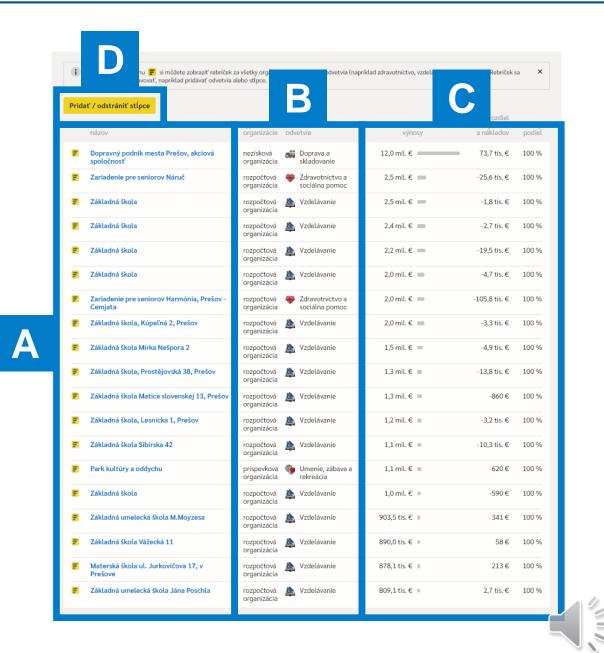

2: Financial health

- A. Current financial health
- B. History and comparison
- C. All indicators and input data
 - Explanation
 - History and comparison

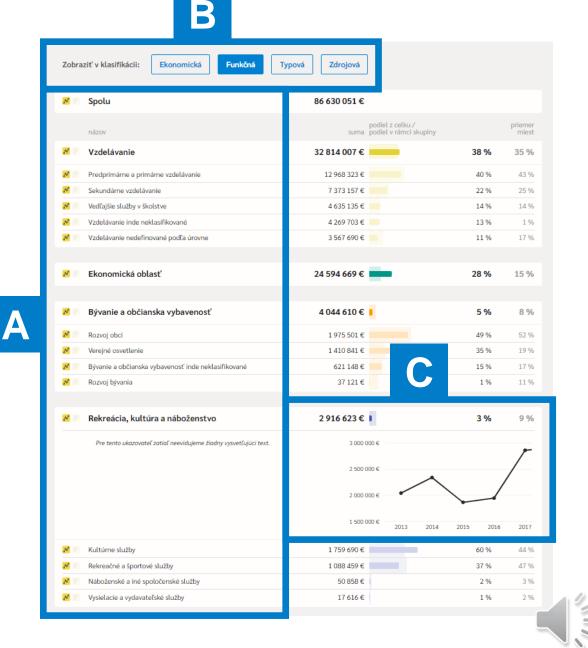

3: Organizations

- A. Every subordinate organization
- B. Basic information
- C. Key economy data
 - Revenues
 - Net income
 - Ownership share
- D. Fully customizable table
 - Add or remove rows and columns

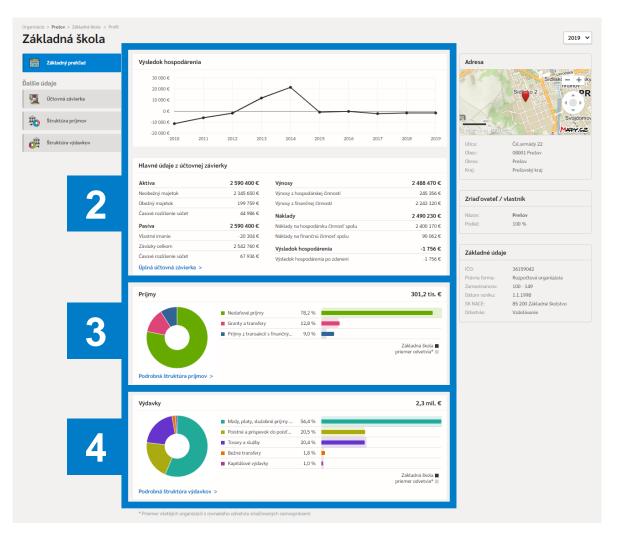

5: Expenditures

- A. Structure up to third level
- B. 4 classifications
 - Economy, function, type, source
- C. History for each budget item

Profile: Organization

- For any organization
- 4 sections
 - Overview of 2 4 below (default)
 - 2. Financial statement
 - 3. Structure of revenues
 - 4. Structure of expenditures
- Similar to municipality profile

Rankings: Introduction

- Same user interface for any type of ranking
- "Anything" can be ranked
 - Financial health and input data
 - Revenues, expenditures
 - Financial statements
- Highly customizable
 - Specific municipalities or organizations
 - Multiple columns

Rankings: After customization
