

In focus:

One extremely dangerous enemy for Ukrainians today is the undiagnosed post-soviet syndrome of desperately awaiting communism

No reforms are likely to take place in Ukraine today until the national government understands the urgent need to desovietize the country's ideology by changing school curricula and teaching methods.

The destruction of the Christian values of loving thy neighbor and engaging in charity and their replacement by the soviet values of class hatred and intolerance, which made it possible to control soviet society through a slave mentality and fear. The ideological smokescreen for public consumption was that the state took care of its citizens.

For more, see Vira Nanivska's presentation, ["Incomplete desovietization—the main obstacle to democratic public reform."](#)

Raymond Struyk's book "Managing Think Tanks" is translated into Russian for the first time

Think-tanks do original research, they run educational programs, and they act as an instrument of public oversight. To that extent, they also influence the goals and values of their society.

This book is a practical guide to managing, growing and operating a think-tank. It will also be useful to a variety of funds and organizations that cooperate with think-tanks.

The International Centre for Policy Studies (ICPS) is a leading independent think-tank in Ukraine. ICPS was established at the initiative of the Open Society Institute in 1994. The ICPS mission is to promote democratic government and rule of law by building up democratic institutions and changing public attitudes towards reform from hostile to positive in Ukraine.
Address: vul. Pymonenka 13A, Kyiv, Ukraine 04050.
